Discipleship Training for Small Groups

*Devoted: Discipleship Training for Small Groups* is a two-year small group curriculum produced by Clear Creek Community Church focused on training in the essentials of being a disciple-making disciple. Each week small groups who commit to the two-year timeline will study three devotions/teachings, memorize scripture, and do an application-focused exercise. This weekly rhythm is designed to help small groups grow in their application of the storylines of the CCCC Spiritual Growth Grid.
